

# Changes to Curbside Pickup

**Starting November 2, 2020**, Curbside will be moving inside for everyone's safety as winter weather approaches. Curbside will still be by appointment only and masks will be required. The inside pickup will be located in the back entrance to the meeting room (on the side of the building closest to the High School, see map below). We ask everyone to respect safe distancing, grab your bag and go (during this time we will no longer be collecting bags for recycling). The book drop near the Circulation doors will remain open.

Any questions please call the library at 781-275-9440
